

# Sacagawea Speaks

April 14th, 2002

12:00pm & 3:00pm

*A Living History Presentation  
By Joyce Hunsaker*

Created from first-hand accounts of the Lewis & Clark expeditions and tribal oral traditions. This program lets The Bird Woman speak for herself about her life from birth through her 18-month journey with Lewis and Clark. It includes hand signs of the era, and utilizes a number of words in various tribal languages. This program has been honored with the endorsement of Sacagawea's family descendants, both from the Shoshone and Charbonneau sides.

**Bonneville Lock and Dam Visitor Center  
Columbia River Gorge at Interstate 84, exit 40.**

**For more information contact the Visitor Center at (541) 374-8820.**
